

Course on SAR interferometry

Practical training with the GAMMA software

15 – 18 March 2010 (4 days)

SAR interferometry (InSAR) is an established technique that allows mapping terrain heights and surface deformation. Our course addresses theoretical aspects of SAR interferometric processing as well as practical approaches supported by GAMMA's Software modules (MSP, ISP, DIFF&GEO).

All topics related to SAR and InSAR processing will be treated (generation of interferogram, phase unwrapping, geocoding, 2- and multi-pass differential interferometry)

The course covers the following aspects

- Principles of SAR and interferometric SAR processing (*theory*)
- Basic SAR and InSAR processing including geocoding (*hands-on*)
- Advanced processing techniques (e.g. phase unwrapping) (*hands-on*)
- Practical examples (*hands-on*)

This course is suited to participants who

- are interested in SAR interferometry and would like to learn processing with the GAMMA software
- are familiar with InSAR processing using the GAMMA Software and require more in depth knowledge of the software processing capabilities

The course will be held by GAMMA personnel. Course language is English.

Schedule

Mon., 15 March	9:30 – 12:00 13:30 – 17:00	Introduction to SAR basics (<i>theory</i>) Introduction to GAMMA Software (<i>hands-on</i>)
Tue., 16 March	9:00 – 12:00 13:30 – 17:00	SAR processing (<i>theory and hands-on</i>)
Wed., 17 March	9:00 – 12:00 13:30 – 17:00	Interferometric processing (<i>theory and hands-on</i>)
Thu., 18 March	9:00 – 12:00 13:30 – 17:00	Image geocoding (<i>theory and hands on</i>) Differential interferometric processing (<i>theory and hands-on</i>)

Location

GAMMA Main Office in Gümligen, Bern. GAMMA is easily reachable with public transport (tram, local train) from Bern. For information on accommodation in Bern visit <http://www.berninfo.com>.

Course fees

Regular: 2000 Euro + (7.6% VAT)

Students: 1500 Euro + (7.6% VAT)

The fee includes course material, all lunches and a social event. Participants are required to have own insurance. Registration is required as number of participants is limited. Please use the application form.

Contact

For more information please contact

Dr. Maurizio Santoro, E-mail: santoro@gamma-rs.ch, Tel: +41-(0)31-9517005 / Fax: +41- (0)31-9517008.

Application form

Course on SAR interferometry *Principles, data processing and applications*

15 - 18 March 2010 (4 days)

To register, please fill in the application form and send it back per email to santoro@gamma-rs.ch or per fax to +41 – (0)31 – 951 70 08.

Upon reception of the application form, an invoice will be sent.

If you have any request or comment please report it in the comments box below.
