

# Course on SAR interferometry

## *Practical training with the GAMMA software*

**6 - 8 May 2014 (3 days)**

SAR interferometry (InSAR) is an established technique that allows mapping terrain heights and surface deformation. Our course addresses theoretical aspects of SAR interferometric processing as well as practical approaches supported by GAMMA's Software modules (MSP, ISP, DIFF&GEO).

Topics related to SAR and InSAR processing will be treated (generation of interferogram, phase unwrapping, geocoding, 2- and multi-pass differential interferometry)

The course covers the following aspects

- Principles of SAR and interferometric SAR processing (*theory*)
- Basic SAR and InSAR processing including geocoding (*hands-on*)
- Advanced processing techniques (e.g. phase unwrapping) (*hands-on*)
- Practical examples (*hands-on*)

This course is suited to participants who

- are interested in SAR interferometry and would like to learn processing with the GAMMA software
- are familiar with InSAR processing using the GAMMA Software and require more in depth knowledge of the software processing capabilities

The course will be held by GAMMA personnel. Course language is English.

### **Schedule**

Tue., 6 May	9:30 – 12:00 13:30 – 16:00	Introduction to SAR basics and SAR interferometry ( <i>theory</i> ) Introduction to GAMMA Software ( <i>hands-on</i> )
Wed., 7 May	9:00 – 12:00 13:30 – 16:00	Image geocoding ( <i>theory</i> and hands on)
Thu., 8 May	9:00 – 12:00 13:30 – 16:00	Interferometric and differential interferometric processing ( <i>hands-on</i> )

### **Location**

GAMMA Main Office is in Gümliigen, Bern. GAMMA is reachable with public transport (tram, local train) from Bern. Information will be provided upon registration. For accomodation visit <http://www.berninfo.com>.

### **Course fees**

**Regular: 3000 Swiss Francs (CHF)**

**Student: 2250 Swiss Francs (CHF)**

The fee includes course material, all lunches and a social event. Participants are required to have own insurance. Registration is required as number of participants is limited. Please use the application form.

### **Contact**

For more information please contact

Dr. Maurizio Santoro, E-mail: [santoro@gamma-rs.ch](mailto:santoro@gamma-rs.ch), Tel: +41-(0)31-9517005 / Fax: +41- (0)31-9517008.

## Application form

### Course on SAR interferometry *Principles, data processing and applications*

**6 - 8 May 2014 (3 days)**

To register, please fill in the application form and send it back per email to [santoro@gamma-rs.ch](mailto:santoro@gamma-rs.ch) or per fax to +41 – (0)31 – 951 70 08.

Upon reception of the application form, an invoice will be sent.

If you have any request or comment please report it in the comments box below.
